

Policy: PA Program Faculty & Directors Precluded from Providing PA Students Health Care	Reviewed by: TNU PA Program
Source: ARC-PA Accreditation Standards for Physician Assistant Education, 5 th Edition	Authorized by: Program Director
Date Last Reviewed: April 2024	Date Last Revised: April 2024
Standards Addressed: A3.09; A3.19	Next Review: January 2025

ARC-PA Standard(s):

- A3.09 The program *must* define, publish, make *readily available* and consistently apply policies that preclude *principal faculty*, the program director and the *medical director* from participating as health care providers for students in the program, except in an emergency situation.
- A3.19 Student *health records* are confidential and *must* not be accessible to or reviewed by program, *principal or instructional faculty* or staff except for immunization and screening results, which may be maintained and released with written permission from the student.

Policy:

All assigned principal faculty, program director and medical director of the Trevecca Nazarene University PA program are prohibited from participating as health care providers for students or offering medical advice for students in the PA program in any capacity, except in emergency situations. If principal faculty, instructional faculty, the program director, medical director, or administrative staff assigned to the PA program assist in providing services within Trevecca's Student Health Services, they are prohibited from accessing or reviewing the health records of students enrolled in the PA program except for immunization and screening results.
